### **Table II, Sec. 1 "Timed First Round"**

The first round is decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed. Horses with clean rounds or equal faults will be classified according to their time taken to complete the course.

### **Table II, Sec. 2 (b) "Timed First Jump Off" also Stakes Class**

The first round and jump off if any, are decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed. If the competitor has gone clean in the first round, the competitor will, without leaving the ring, upon an audible signal, commence the designated jump off course. Anyone leaving the ring before the jump-off will be considered to have retired.

### **Table II, Sec. 2 (c) "Power and Speed"**

The first round and jump off if any, are decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed if any. If a competitor has gone clean in the first round, they will, upon crossing the finish line, commence the designated jump off course. Time starts as the horse crosses the finish line for the initial course. Ties will be broken by time in the first round.

### **Take Your Own Line:**

Competitor must design own course over 6-10 obstacles (will be specified for each division) including crossing the start/finish line. Each obstacle to be jumped once, in any direction, in any order. Faults to be scored according to USEF Table II. Winners determined by fastest time with least number of jumping penalties (jumping penalties considered first, then fastest time) more details in USEF rulebook.

45 second rule will be in effect for every division.  
Electric eye timers will be used
