

Prince William Horse Association

TEAM CHALLENGE

New for the 2013 show season, the **Team Challenge** is a FUN added bonus for the end of the year awards banquet.

- ❖ Each “team” consists of up to 5 riders, no more than two members being adults/professionals.
- ❖ The combined points from each team member get added together throughout the season and the team with the most points at the end of the year gets a special award at the banquet.
- ❖ A “member” is one horse/rider combination or back number. If a rider shows more than one horse they pick one to count for the team.
- ❖ Members do not have to be related, do not have to be from the same barn or trainer.
- ❖ Each team gets declared at the beginning of the show season with a one time \$10 team registration.
- ❖ All teams must have a “team name”
- ❖ The points will count from each member’s declared division from time of registration. All open class points will count toward the team as well.
- ❖ Points from English and Western shows will NOT be combined, you will have separate teams for English and Western, although it can be the same members for each.
- ❖ If your team starts small you can add members during the season with new member’s points accumulating from the time of their registration, for a one time \$5 fee.
- ❖ There are no “extra” points or awards at each show, strictly a team award at the banquet.
- ❖ This Team Challenge is being added to encourage participants of ALL ages to join or form a team.
- ❖ PWHA Board of Directors and Show Management will have the final decision concerning any team related problems or questions. They will also be monitoring **team sportsmanship** throughout the season.
